

FIRE AT BALTIMORE COSTS MANY LIVES

SEVEN PERSONS HAVE MET
THEIR DEATH.

The Residence of James R. Armiger
Totally Consumed By the Flames
—Inmates Suffocated By the
Smoke—Brave Work of the Fire-
men—The Loss Very Heavy.

Baltimore, Md., Feb. 24.—At the re-
sult of a fire which started in the cellar
of the four-story marble front residence
of James R. Armiger, 1806 North
Charles street, at 8:15 o'clock Sunday
morning, seven persons are dead, one
is fatally and four others are slightly
injured, and a fine dwelling is com-
pletely wrecked. The dead are:

JAMES R. ARMIGER, 55 years old.
WILLIAM B. RILEY, his son-in-law,
aged 35 years.

RICHARD RILEY, aged 4 years.
MARIAN RILEY, aged 2½ years.

MRS. MARIAN CHAMPLIN, wid-
owed daughter of Mr. Armiger.

JAMES CHAMPLIN, aged 3 years.

HAROLD MANUEL, of Turner &
Mauiel, stock brokers, 33 Wall street,
New York.

The injured:

Mrs. James R. Armiger, aged 50
years; burned about the arms and
shoulders.

Alice J. Williams, 22 years old, a
colored domestic, who jumped from a
fourth-story window and fractured her
skull; fatally hurt.

Mary C. White, colored, 20 years;
nearly suffocated by smoke.

Lucy Waters, servant; overcome by
smoke.

Rose Jones, overcome by smoke.

The most astonishing circumstance
about the disaster is that although the
fire broke out at an hour when many
persons were on the streets, and hardly
five minutes elapsed before the fire-
men forced their way into the house,
the seven mentioned were past rescue.
No more flagrant illustration of defect-
ive house construction has been fur-
nished here than this. In the dense
smoke the members of the household,
some of whom had not yet arisen and
some of whom had left their apart-
ments, lost their way, groped about
wildly, sunk down, suffocated and per-
ished.

Before the firemen could enter they
had to extinguish the flames in the
lower story, and in making their way
upward were almost overcome.

The fire was first seen by Louis Whit-
ing, the colored man-of-all-work, who
was at the time cleaning the front
steps. Whiting ran to the adjacent
corner and gave the alarm to a police-
man, and hurried back to the house,
entered the front door, closed it behind
him, and ascended to the second floor,
where Mr. and Mrs. Armiger had their
bedroom. The house was by this time
filled with a dense, stifling smoke, and
when the negro and Mrs. Armiger at-
tempted to descend they found it im-
possible. Whiting aided Mrs. Armiger
to the front window and helped her to
reach a small balcony in front, upon
which he placed her and returned to the
aid of Mr. Armiger. He found the lat-
ter had gone, and came back to Mrs.
Armiger, who, clad only in her night
clothes, was shivering on the narrow
balcony and shrieking for help. Half
a dozen men who were passing hast-
ened to the power-house of the Charles
street cable-car line, a block below,
and procured a short ladder. When
they returned they found Deputy Fire
Chief McAfee, a noted life-saver, who
quickly mounted the ladder. It was not
long enough, but by standing on the
uppermost round he could reach the
frightened woman. As he attempted to
lift her from the balcony her scanty
clothing caught on an obstruction and
she fell forward with her whole weight
upon the outstretched arm of the fire-
man. Just then the ladder slipped, and
every one below expected to see both
the rescuer and the woman he was try-
ing to save dashed to death on the pave-
ment below. By a tremendous effort,
however, McAfee steadied himself, and,
holding Mrs. Armiger with one hand,
grasped the balcony with the other.
Hanging thus he slowly replaced the
ladder with his feet and brought the
now fainting woman down in safety.

In the meantime the other occupants
of the front rooms were crowding to
the windows, making the most piteous ap-
peals for help. The people below
shouted to them not to jump, but Alice
Williams disregarded the warnings,
and, with an appalling shriek, sprang
from the fourth-story window, striking
the stone steps full upon her forehead,
fracturing her skull and sustaining
other injuries from which she will die.
An attempt was made to succor the
other unfortunates by means of the
doorway in Charles street, but when
the policemen burst in they were met
by such a volume of smoke and
flame that they were driven back.

While these scenes were being enacted
in the front part of the house, Miss
Virginia Armiger, a 25-year-old daugh-
ter, performed an act of heroism. Find-
ing it impossible to descend the stair-
way, she seized her 14-year-old sister,
Eleonora, by the hand and dragged her
to a window, the apartment of the two
girls being on the second floor over an
open balcony. With remarkable pres-
ence of mind she next twisted a bed
sheet into a rope. Throwing this about
her sister she lowered her to the porch
and, throwing down a bed, jumped on
this. Both escaped all injury.

By this time the firemen had reached

the scene, and in a twinkling had
placed long ladders to the windows
and in a few minutes the remaining in-
mates of the house were carried out.
On the stairway leading from the sec-
ond to the third floor was found the
body of Mr. Armiger, with that of his
little grandson, Richard Riley, clasped
tightly in his arms, showing that the
old man had made a gallant attempt to
rescue the boy at the cost of his own
life. In the front room on the third
floor was found the corpse of Mr. Man-
uel. He, too, had the body of a child
in his arms, telling another story of
unrequited heroism. In the rear room,
on the third floor, lying on the bed, the
firemen found the dead body of Mr.
Riley. By his side lay his wife, breath-
ing faintly. She was hurried into the
open air in time to save her life, and,
though she is badly burned about the
face and arms and half-crazed by her
terrible loss, she will recover. In an-
other room were the bodies of Mrs.
Champlin and her 3-year-old son, while
upon the upper floor the firemen found
Mamie Whiting, the colored servant,
unconscious from smoke, but not seri-
ously hurt.

The fire, although a fierce one, was
confined to the Armiger residence. The
house is one of a row of granite front
residences belonging to the A. S. Abell
estate in Charles street just north of
Lafayette avenue. It is four stories
in height and was filled with costly
furniture and much rare bric-a-brac,
plate and unique jewelry, of which Mr.
Armiger was an enthusiastic collector.

BY THE COLLAPSE OF A ROOF.

Fatal Accident While Boys Are Tearing
Down a Building.

Stamford, Conn., Feb. 24.—By the col-
lapse of the roof of an old building in
Dublin late Saturday one boy was
killed, another fatally hurt, and several
others were more or less injured. The
dead is:

PATRICK KILKELLY, 5 years old.

The injured are:
Bryan Kilkelly, 10 years old, brother
of Patrick; bruised and internally in-
jured; will die.

Antonio de Mato, 10 years old; severely
crushed and bruised.

Several other boys sustained various
minor cuts and bruises. The building
in which the accident occurred was on
Meadow street, the land on one side of
which the New York, New Haven and
Hartford railroad has taken for exten-
sive improvements. The old houses
which stood on the land were given to
the citizens of Dublin for firewood. Sat-
urday night twelve boys went up on the
second floor of one of the houses and
began cutting out the studding posts
and other available material. They
carelessly cut the lower parts of rafters
which supported the roof, and, almost
without warning, the roof gave away,
crashing down on the boys.

Said to Be an Expert Ghoul.

Des Moines, Iowa, Feb. 24.—George
Adams of Des Moines has identified the
man who gave his name as J. Smith and
then as George Smith, and who was
arrested while superintending the
transportation of two dead bodies from
the Rock Island depot to the Drake uni-
versity medical college rooms in this
city, as S. Claycoln of Omaha. Three
years ago Claycoln was arrested on the
charge of shipping a body from Omaha
to Iowa City, but was never convicted.
Soon after a number of Omaha graves
were found to have been robbed, it is
believed by Claycoln. The bodies ship-
ped to the city Friday and seized by the
police were identified as those of Jacob
Helen and Hannah Larsen, recently
buried by a hospital in Omaha. They
have been returned to that city. The
coroner is holding an inquest to deter-
mine the degree of participation in the
affair on the part of the authorities of
Drake college, in whose dissecting-room
four bodies were recently found which
had been stolen from Des Moines ceme-
teries.

Burned to Death in Her Bedroom.

New York, Feb. 24.—Lillian Cecelia
Lyons, the 14-year-old daughter of Dan-
iel Lyons of Brooklyn, was burned to
death in her bedroom Sunday. The fire
started through the accidental explo-
sion of an oil stove, which had been used
to heat the room. Lillian, who was an
epileptic, was in bed at the time. She
was unable to move without assistance.
The bedclothes quickly became ignited
and the girl was enveloped in flames be-
fore she could be rescued. Her screams
attracted the attention of the neighbors
and they succeeded in getting her from
the burning room. Before a physician
arrived the girl died in horrible agony.

Bankers Accused of Fraud.

Independence, Iowa, Feb. 24.—The
case against William and Charles
Fields, charged with fraudulent bank-
ing, was begun in the district court
today. The cases came up a year ago,
but an appeal was taken on the ground
of lack of jurisdiction, as the institution
was a national bank. The supreme
court gave its ruling several months
ago. The bank failed in the crash of
1894 and a hearing is now to be had
for the first time. The bank was used
as a clearing-house for Fields Brothers'
private business.

Will Dig for Gold in Siberia.

Vladivostok, Feb. 24.—The newspa-
pers announce the arrival here of the
agents of an Anglo-American company,
with a capital of \$5,000,000, to work the
alluvial gold deposits of eastern Sibe-
ria. The company intends to purchase
abandoned claims, hoping to extract
gold by improved machinery and pro-
cesses.

CUBA AND TARIFF ARE THE THEMES

THE SENATE PROGRAM FOR
THE WEEK.

Mr. Morgan Continues His Speech On
Cuba Today—Question To Be
Kept To The Front—House Pushing
The Appropriation Bills—Washing-
ton News.

Washington, Feb. 24.—The probabili-
ties are that the Cuban question and
the tariff bill as affected by the silver
substitute will divide the greater part
of the time of the senate during the pre-
sent week. There will be an effort to-day
by Senator Dubois, chairman of the
committee on public lands, to secure
unanimous consent to lay the Cuban
resolution aside to permit the considera-
tion of the bill extending the limita-
tion of the time in which suits may be
brought to secure the restoration of cer-
tain granted lands to the government.
The present limitation expires in March
and the president has by a special mes-
sage to congress asked for immediate
action. This bill is one which will ex-
cite some debate, but it is probable
that an amicable arrangement will be
made for its consideration some time
during the week, if not today.

Senator Morgan will continue his
speech on the Cuban question whenever
that subject is again taken up. He
probably will consume the greater part
of another day in expounding his views
and will be followed by other senators,
including several of the members of the
committee on foreign relations, among
them being Senators Sherman, Gray
and Turpie.

There also will be speeches on Cuba
by several senators not members of the
committee. Senator White will make
an address during the week on the legal
aspect of the Cuban resolution, criticis-
ing its form and contending that there
can be no recognition of belligerency
except by executive action.

It is the purpose of the advocates of
Cuban recognition to keep the question
as well to the front as they can until it
shall be disposed of, though they are
not hopeful of securing a vote this week.

Senator Carter will make his speech
on Wednesday on the tariff-silver bill,
and is expected to explain his reasons
as well as those of his republican col-
leagues in voting against the considera-
tion of the bill ten days ago upon Sen-
ator Morrill's motion. He will in all like-
lihood be followed by other senators
who acted with him, and a very animat-
ed debate may result.

It is probable that the army and agri-
cultural appropriation bills will be re-
ported from committee during the week,
but not likely that they will receive im-
mediate attention.

The house is pushing ahead the ap-
propriation bills with all possible speed
with a view to an early final adjourn-
ment. Already five of the thirteen gen-
eral appropriation bills have been sent
to the senate—the army, military acad-
emy, urgent deficiency, diplomatic and
consular and agricultural. The District
of Columbia bill has in it several dis-
puted items, but will, it is believed,
cause little trouble when it is again
taken into the house. The Indian bill
is under consideration, and the legisla-
tive, executive and judicial, the next in
order, is on the calendar. The naval
and postoffice bills will be brought in
this week. When these are disposed of
but three will remain—the sundry civil,
general deficiency and fortifications.
The house leaders are still hopeful that
some way can be found to secure action
on the tariff bill in the senate, but be-
yond that there appears to be little
chance for general legislation, except,
perhaps, a bankruptcy and possible a
Pacific railroad bill. Consequently they
are hurrying along the appropriation
bills and shaping things for an early ad-
journment. Mr. Cannon, chairman of
the appropriation committee, said yes-
terday that since die adjournment should
be reached by the middle of May.

Notice has been given by Mr. Johnson
that he will on Tuesday call up the Van
Horn-Tarsney contested election case,
but beyond that it is expected that the
appropriation bills will consume the re-
mainder of the week.

REPEATS HIS STORY.

Jackson Exonerates Himself as a Prin-
cipal in the Pearl Bryan Case.

Cincinnati, O., Feb. 24.—In the En-
quirer Sunday Scott Jackson, the ac-
cused murderer of Pearl Bryan, had a
card addressed to the public, in which
he simply reiterated the story he has
so often told of his connection with the
case. He exonerates himself as a prin-
cipal just as he has done before, and
gives the leadership in guilt to Walling.
He does not throw a ray of light on the
mystery of where Pearl Bryan was the
Wednesday and Thursday nights before
the murder. He thinks the press has
been unfair to him and makes this
statement over his own signature to set
the public right.

Offers to Uncover a Crime.

Bristol, Ind., Feb. 24.—Peter Wilden
has written to the county officials from
Los Angeles, Cal., that he is in posses-
sion of evidence sufficient to convict a
well-known Goshen citizen of murder.
He says the crime was committed near
Middlebury, in this county, about twen-
ty years ago. It is now recalled that
several murders were committed sev-
eral years ago. Wilden named the al-
leged murderer, whose identity will be
suppressed until better evidence is
forthcoming.

ANOTHER MASSACRE IS NOW REPORTED

ARMENIANS SAID TO HAVE
BEEN SLAUGHTERED.

The Sultan Objects to Miss Clara Bar-
ton Going to Zeitoun—Refugees
on the Verge of Starvation
Work The Turkish Commis-
sion.

London, Feb. 24.—A Constantinople
dispatch to the Daily News says:
"There is a persistent rumor here of a
fresh massacre at Urfa. The govern-
ment objects to Miss Clara Barton,
president of the American Red Cross
society, going to Zeitoun to distribute
relief."

TERRIBLE DISTRESS REPORTED.

Armenians at Zeitoun Dying of Cold and
Hunger—Sultan's Commissioners.

Constantinople, Feb. 24.—The consuls
of the powers who negotiated the peace
at Zeitoun report the most terrible dis-
tress and illness there. There are 8,000
refugees in the town, and an almost en-
tire absence of beds and clothing. Many
are dying of cold and starvation. The
ambassadors here have opened funds
for their relief.

It will be remembered that the sub-
lime porte, soon after the massacres in
this country, sent out commissioners to
investigate recent disturbances and
take measures for quieting the country.
One group of commissioners went to
Erzerum and the other entered the
country at Sassoun and came to Sivas.
This commission from the interior did
their work very rapidly, spending only
a few days in each of the principal
cities on their route.

The day after their arrival they sum-
moned before them a number of leading
men, Moslems and Christians. These
were admitted to the presence of the
commissioners separately, first the
Moslems, afterward the Christians. Re-
port says that the commissioners said
to the Moslems: "We did not expect so
much of you, but now you have done it,
never mind. Henceforth you must keep
the peace."

When the Christians were admitted
the commissioners received them
standing and at once began to read an
address reciting the benefits the Chris-
tians had received during the reign of
the beneficent Sultan Abdul Hamid
Khan, and the perfidious conduct of the
Armenians, who had started newspa-
pers and sent men to Washington and
Chicago to agitate and stir up the na-
tions against their government. In con-
clusion, the address said: "Hereafter
if either Turks or Armenians stir up
trouble there will be no more improp-
riations, but the death penalty will be
visited upon such offenders."

After the reading of the address Ab-
dullah Pasha began to address the
Christians in a much more violent
strain. He said if the Armenians
should again begin to agitate, not even
the name of Armenian would be blot-
ted out. Drawing himself up to his full
height, and stretching out his arm like
a sword, he said: "What we gained we
gained with blood, and when we give
up this morsel we will give it up with
blood, blood, blood!"

It is estimated that there are between
80,000 and 100,000 people in extreme
destitution. Europe and America are
touched with compassion, and funds are
being gathered for the relief of the
sufferers in every town and city.

It is far otherwise with the Turks.
They are hostile to relief work, and
oppose it in various ways. In the city
of Palu the Turks said to the Christians:
"If our beneficent sultan wishes you to
have money he is abundantly able to
give it; but he has not seen fit to do so,
and now you are receiving money from
the English and forming an alliance
with them. We will cut you off."

No Christian in Palu dares to receive
or distribute funds. The same is true
of the town of Chooncoush. The Red
Cross is about to take up this work of
relief, but it is feared that the Turkish
government will exhaust all its tactics
to keep them from entering the coun-
try. While negotiations are pending
the Armenians will be dying. Then,
if they succeed in entering Turkey,
they will have to encounter a popula-
tion hostile to their work, who have
been emboldened by their success in re-
cent raids. It is hard to predict the
result.

Abductors May Be Lynched.

Leesburg, Fla., Feb. 24.—The abduc-
tion and maltreatment of Miss Grace
Darrell, the pretty Chicago girl who is
spending the winter with Mr. and Mrs.
James Armstrong at Center Hill, has
aroused the people of the neighborhood,
and a word from the girl would cause
the lynching of the four young men
suspected of the outrage. Miss Darrell
was abducted on Thursday night while
a party was in progress at the Arm-
strong home. She was not found until
Saturday morning, when she was dis-
covered by searchers, tied to a tree in
a dense thicket about four miles from
Center Hill.

The Clothing Cutters' Strike.

Chicago, Feb. 24.—It is expected this
week will be decisive in the strike of
the clothing cutters and trimmers. The
workmen say they will make no move
until the state board of arbitration de-
cides what its action will be in view
of the refusal of the employers to arbi-
trate. The employers are making every
effort to secure men to fill the strikers'
places.

REFORM PRESS MEETS.

Fifth Annual Gathering at Dallas, Tex.
—Officers Elected.

Dallas, Tex., Feb. 24.—The fifth an-
nual meeting of the National Reform
Press Association, composed of nearly
2,000 populist editors, now in session in
this city, has been characterized by un-
usual harmony and enthusiasm. The
report of the committee on resolutions
is a compromise between the policy of
the "middle of the road" element—that
is, those favoring strict adherence to
the text of the Omaha platform—and
the liberal section of the party, or those
favoring a broader policy calculated
especially to attract the dissatisfied sil-
ver element of the older political or-
ganizations.

The significant portions of the resolu-
tions, after reiterating the unequivocal
demand of the party for the restora-
tion of the free coinage of silver at a
ratio of 16 to 1, without waiting for any
other nation, are as follows:

"We proclaim to the world that we
are in favor of an honorable union and
that our doors are open to the north,
south, east and west, and all desiring a
change in the nation and the emancipa-
tion of our land, industries and institu-
tions from the rule of the British gold
power are cordially invited to unite
with us and join in the grand work of
redemption.

"While we greet with the open arms
of welcome the intelligent and honora-
ble immigrants from the oppressed na-
tions of the old world, we unitedly de-
precate the invasion of this nation by the
pauper labor of Europe, who drive free
and honest American toilers from ac-
tive employment to idleness, want and
desperation.

"Realizing that many of our de-
mands, such as the income tax, the re-
ferendum, election of senators by the
people, ownership of telegraphs and
railroads, one term for the president,
cannot be accomplished without the re-
vision or amendment of the federal con-
stitution, and the document has stood
for 109 years and been amended fifteen
times, while all the older states have
changed their organic law more than
once, we recommend that our editors
and people study and discuss the ad-
visability of the St. Louis convention
declaring in favor of a national constitu-
tional convention as prescribed in
our federal constitution."

The following officers were elected for
the ensuing year: President, Paul Van-
dervoort of Nebraska; vice-president,
Frank Burkitt of Mississippi; secretary
and treasurer, A. Rosselle of Missouri;
recording secretary, Jo. H. Parker of
Kentucky. W. S. Morgan of Arkansas,
the present incumbent, was re-elected
official editor of the association.

Hotel lobbies on Sunday presented an
animated appearance. Much quiet talk
has been indulged in regarding presi-
dential possibilities and the platform to
be adopted at St. Louis in July. There
is a general feeling that in the political
upheaval sure to come this year many
new men will come to the surface. Mr.
Sibley of Pennsylvania is much dis-
cussed, and also Senator Allen of Ne-
braska. The name, however, which
evokes the greatest enthusiasm and
which is on everybody's lips is that of
Judge Henry C. Caldwell of Arkansas.
There has been little talk as to vice-
presidential candidates. The name of
Dr. Bayard S. Taylor of Chicago is fa-
vorably mentioned in that connection.
Chairman Taubeneck of the national
committee, who is present as an in-
vited guest of the association, expressed
himself as well pleased with the results
of the session thus far, as the policy of
the national committee to throw the
doors of the party wide open to the ad-
vocates of free coinage has been fully
sustained.

Secede from the Salvation Army.

New York, Feb. 24.—Commander and
Mrs. Ballington Booth are out in a pub-
lished statement saying that under no
conditions whatever can they accept
further proposals from London nor en-
ter again under the authority or gov-
ernment of Salvation army interna-
tional headquarters in England. This is
looked upon as open rebellion. It is
however, greeted with quiet approval
by all who have yet spoken upon the
subject.

Col. Coit to Be Tried Again.

Washington Court House, O., Feb.
24.—At a special meeting of the board of
trade of Washington Court House a
resolution was adopted citing the coun-
ty commissioners to proceed with the
trial of the remaining two charges of
manslaughter against Col. Coit, who
ordered the troops to fire on a lynching
party here. The colonel was recently
acquitted on the weakest of the charges.

Smoke Does Heavy Damage.

Indianapolis, Ind., Feb. 24.—Kothe,
Wells & Bauer, wholesale grocers, suf-
fered a \$20,000 loss from fire in their
warehouse, corner of Delaware and
Merrill streets, at 2 o'clock Sunday
morning. The warehouse was stored
principally with canned goods and dried
fruits packed in bags. The heaviest
loss is on dried fruits, which are ruined
by smoke, fully covered by insurance.

Woman the Cause of Murder.

Lexington, Ky., Feb. 24.—A sensa-
tional tragedy took place in a resort at
Pineville Sunday afternoon, when John
Hayes, son of a prominent citizen, shot
and instantly killed Robert Green, son
of ex-Judge Green. Green was jealous
of Hayes on account of his attention to
a woman, and brought on the difficulty
by attempting to draw a pistol on
Hayes. The latter got the drop and shot
Green dead.

AGED WOMAN DIES AT GALESVILLE

MRS. ELIZABETH COLEMAN
CALLED TO REST.

She Was One Hundred and One Years
Old, and One of the Pioneers of The
State—Death of Mrs. Marshall
Field—Other Mortuary Matters Re-
ported.

Galesville, Wis., Feb. 24.—[Special]
—Elizabeth Coleman, one of the old-
est women in the state, died this
morning, aged 101 years.

Ex-Gov. Robinson Dead.

Springfield, Mass., Feb. 24.—Ex-Gov.
George D. Robinson's death, which was
calm and peaceful, occurred at 4:23
o'clock Saturday afternoon at his Chic-
opee home. Death was without the
slightest semblance of a struggle. Mem-
bers of his family were with the patient
when death came to end his sufferings.

Mrs. Marshall Field Dead.

Chicago, Feb. 24.—Mrs. Marshall
Field, wife of the millionaire dry goods
merchant of this city, died at Nice,
France, Sunday noon. The last letter
received from the lady in this city re-
ferred to her health as remarkably good.
Saturday, however, a cablegram came,
saying she was ill with peritonitis.

Ex-Senator Nichols Is Dead.

Martin's Ferry, Ohio, Feb. 24.—Ex-
State Senator Nichols, the author of the
famous Nichols law, died at his home
at St. Clairsville, Sunday evening of
pneumonia.

HAS THE SIGNATURES.

Indiana's Governor Will Be Asked to
Call a Special Session.

Indianapolis, Ind., Feb. 24.—Chair-
man Gowdy, having succeeded in secur-
ing the signatures of a majority of the
members of both houses of the legis-
lature to the agreement regarding the
enactment of a fair apportionment law,
will call on Gov. Matthews today and
present a memorial asking that the leg-
islature be called to meet in special
session. The governor has announced
in advance of the visit that he will not
call the legislature, so that the presenta-
tion of the memorial will be a mere
formality, which will be followed im-
mediately by a suit to set aside the leg-
islative apportionment laws still in
force.

If the plan of the republican com-
mittee does not miscarry the governor will,
it is believed, be forced to call a special
session, or he will have to shoulder the
responsibility for the state being with-
out a legislative branch of the govern-
ment.

BURIED IN A CAVE.

Discovery Clears Up a Mystery of Thirty-
Two Years' Standing.

Colliers, W. Va., Feb. 24.—People are
much excited in this vicinity over a
recent find, which, it is claimed, clears
up a mystery of thirty-two years' stand-
ing, the remains of four human beings
having been discovered in an aban-
doned coal mine a mile east of here.

David Snyder explored the old mine,
which has not been worked since the
'60s, and discovered the human bones.
One of the skeletons was sitting up-
right against a ledge. Beside this skele-
ton was found a flask containing a
note that explained the mysterious dis-
appearance of John Ewing, Ben Ayers,
Tom Ackelson, and Joe Obney thirty-
two years ago. The note was written
in pencil, but well preserved. They
were deserters from the army, in hid-
ing in the mine when it caved in.

CHURCH WAS FILLED AND MANY STOOD UP

VERY LARGE ATTENDANCE AT
THE PATRIOTIC SERVICE.

A. E. Matheson's Address Caused the
Audience to Cheer—G. A. R. and
W. R. C. Were Present in a Body
—Services at the Congregational,
Baptist and Other Sanctuaries.

The Court Street M. E. church was
filled to the very doors last evening,
the occasion being "the patriotic ser-
vice." The Grand Army of the Repub-
lic and the Woman's Relief Corps occu-
pied the seats of honor in the body of
the church, and many people were
obliged to stand, so large was the at-
tendance. Judge M. M. Phelps pre-
sided, and a male quartette composed
of E. O. Kimberley, William Garbutt,
D. D. Bennett and A. Crawford, sang.
E. O. Kimberley's offertory selection,
"Grave of Washington," was rendered
in his usual artistic manner, while Dr.
J. B. Whiting's address on "George
Washington," was of especial in-
terest, and replete with good things.

Mrs. O. H. Brand's recitation was
another feature, while Attorney A.
E. Matheson's address was such as to
call forth cheers—something unusual
for a religious gathering. The ser-
vice was of exceptional interest and
surprisingly successful the program
being as follows:

Organ Voluntary—National Airs.
Hymn—Mrs. Sweeney, Organist
Hymn—Mrs. Sweeney, Organist
Scripture—Mrs. Sweeney, Organist
Quartette—"Centennial Hymn"
Offertory Selection—"Grave of Washington"

Benediction—A. E. Matheson

There was a large congregation at
the Congregational church yesterday
morning, and the choir which consisted
of Mrs. Lewis and Messrs. Buell
and Bladon, furnished especial music
appropriate to the day. Rev. Mr.
Wilder took his text from Eccl. 11:9,
emphasizing the thought "Rejoice, oh
young man in thy youth." Mr. Wilder
believes in good, healthy pleasure,
and not in "long faced Christians,"
but he urged that in the rejoicing,
the pleasures be of the abiding kind,
rather than that which would be wild
oats today and a broken and disfigured
life tomorrow.

"Remember, the future grows out
of the present; let your present be
such that your future must be
blessed," he said. "The evil which
comes into our youth remains to curse
our memory."

Mr. Wilder cited notable instances
of our great heroes, showing how the
honesty, the purity, the integrity
which made their lives great in help-
fulness to the nation, was to be seen
in their boyhood. Life is not the
amount of pleasure we can get out of
it, but the amount of good we can do
in it. The sweetest pleasure comes
when we give pleasure to others.

At the evening service the pastor
showed from the life of Absalom the
depravity to which a selfish ambition
can drive a man.

The following notices were given:
The ladies' monthly home and foreign
missionary meeting will be held
Thursday at 2:30 at the parsonage.

Next Sunday being communion,
Thursday evening will be preparatory
service. It is hoped all members of
the church will be present.

Baptist Church.

An unusually large audience listened
to Dr. Hodge's sermon yesterday morn-
ing. "Angelic Rejoicing" was the
subject and Luke 15:10 the text.
Among other reasons given for the re-
joicing of angels over the conversion
of a sinner, he said: They rejoice
because Christ has secured another
friend; because His cause on earth has
gained another helper, for a truly re-
pentant man will join himself to some
church and become a helper; because
a fountain of evil is closed when a
sinner is converted; they also rejoice
at the change in the future prospects
of the converted person. A missionary
concert by the young people took the
place of the evening service.

Dr. Hodge, accompanied by his wife,
left the city today for his spring va-
cation in the south. Arrangements
have been made for services during
his absence.

At the young people's meeting
Frank McNamara presented a well-
written paper on "The Franchise." This
is a part of the work of the good
citizenship movement recently inau-
gurated among the societies of the
city. Arrangements are being made

"Who are the Infidels and the Athe-
ists? Are They to Be Found Inside
or Outside the Church?" was the sub-
ject of Rev. V. E. Southworth's lec-
ture at All Souls church yesterday
morning. The Culture Club's service
was held at 6 o'clock, the subject be-
ing "The Young Men's Christian As-
sociation." Addresses were made by
John M. Whitehead and General
Secretary J. C. Kline.

WILL CUT THE COUNTY IN THE NEW BILL

ROCK COUNTY IS TO BE CLEFT
IN TWAIN.

One Senatorial District Will Attach a
Rock County Assembly District To
Green County and the Other Two
Will Be Attached to Jefferson—
Measure Said To Be Ready.

Rock County will probably be divid-
ed in making up senatorial districts
under the new apportionment.

The sub-committee of the Appor-
tionment committee—Senators Thayer
and Stout and Assemblymen Treast,
Ray and Rosenkranz—was in session
all day Saturday considering various
plans of arranging senate districts.
The sub-committee will be ready to
submit a bill to the full committee
Monday night. In fact, it had Sat-
urday night practically agreed on the
changes which it will recommend,
and the result, it is said,
is the fairest apportionment bill
ever had in the state. It will be drawn
on strictly constitutional lines, and
there should be little probability that
the disappointment or selfish interests
of a few members would be able to
pass such a law and be able to wipe
out a democratic gerrymander which
cannot stand the test of the supreme
court decision.

Only Two Counties Broken.

The sub-committee had practically
agreed upon the bill as it will be re-
ported Tuesday. Only two counties
will be divided in making senate dis-
tricts, and these are Rock and Jeffers-
on. There will be two senate dis-
tricts with four assembly districts
each—Rock and Columbia; Portage
and Waupaca. One senate district
will have two assembly districts—St.
Croix and Price. The northern part
of the state remains substantially un-
changed.

Dodge county will be a senate dis-
trict by itself. Fond du Lac and
Green Lake will make another senate
district and so will Crawford, Rich-
land and Vernon. Grant and Iowa
will make a district.

La Fayette, Green and one assembly
district of Rock will constitute a sen-
ate district and two Rock assembly
districts with one Jefferson will make
another.

LAST MASQUE BALL OF THE SEASON

The Daughters of Rebekah Make Plans
For Tuesday Evening.

Great preparations are being made
for the masquerade at the Light In-
fantry armory next Tuesday evening to
be given by the Daughters of
Rebekah and the Odd Fellows' social
club and it will be one of the most
successful events of the Lenten
season. One thousand invitations
have been issued and there is a call
for more. Smith's full orchestra has
been engaged to play and a costumer
will be there to furnish costumes
from 25 cents to \$2 each will be
charged. Gentleman maskers fifty
cents. Spectators and lady maskers
twenty-five cents, and all who con-
template attending—and that means all
who are invited of course—should get
their tickets at Smith's pharmacy now
and avoid the rush.

THE FUNERAL OF NELSON MASSE

The Inquest is Being Held at Oshkosh
Today.

There were no new developments
in regard to the death of Nelson
Masse, who was found dead at Osh-
kosh in his room. Testimony in the
matter was taken before the coroner's
jury today. The funeral services were
held from the home and also at the
St. Peter's church yesterday after-
noon at 12:30 o'clock. The remains
will be interred at Riverside.

SMALL FIRE AT BORT, BAILEY & CO'S

The Damage Will Not Exceed \$150 In All

Fire did \$150 damage in Bort,

ment at 5:25 o'clock Saturday after-
noon, the blaze being the result, sup-
posedly, of stepping on a match.
Hugh Ennis, an employee, had his
hand quite severely burned in fight-
ing the flames. An alarm was turned
in from box 18, and the fire was ex-
tinguished with chemicals.

TELEPHONE CREW FINISH WORK

Janesville People Can Now "Get Chicago"
Over Three Different Routes.

The long distance telephone crew
finished their work last week, and
now Janesville can "get Lake Geneva"
for the first time, which fact will no
doubt be appreciated by the camera-
men who spend their summer at that fa-
vorite resort. This city may now
"get Chicago" via three different
lines—Rockford, Milwaukee and
Geneva.

Any thing in winter goods that you
need can be bought at cost at our

THEY SOLD BUT FEW CUTTERS

Local Dealers Say the Business Has Been
Light This Year.

The manufacturers and retail deal-
ers in sleighs had a poor trade this
year in cutters. During the entire
winter there has been but very little
sleighting. Herman Buchholz of the
Janesville Carriage Works says the
present winter has been as dull a one
in the sleigh line as that enterprising
firm has seen in many a year. Other
dealers are of the same opinion, and
and one retailer made the remark that
the number of sleighs that have been
sold this winter, "would not make a
load that one horse could not draw
length of Main street at any time
during the summer."

GOOD MONTH FOR LOCAL HOTELS

Traveling Men are Beginning to Come
Around With Their Lumber.

With the advent of spring, the
poets, the robins, and the bluebirds,
cometh also the traveling man and
the result is that local hotel men are
feeling better.

"We have no reason to complain of
poor business this winter," remarked
a local hotel clerk, "and our business
for February will show a marked im-
provement over January for the reason
that more traveling men are moving
about looking for orders for spring
goods."

SLEIGHING WENT OFF TOO QUICK

Farmer's Load of Coal Was Left High
and Dry On Runners.

A farmer drove to town Saturday
with his "bob," intending to take
home a load of coal. The sleighing
was not good, and after loading his
conveyance with 4,000 pounds of the
black diamonds, he found that three
blocks from the coal yard was as far
as he could get. Two extra horses
were hitched on and helped the outfit
to the outskirts of the town where
there was more snow.

GUARD AGAINST CARRYING GERMS

State Board of Health Issue Recommendations to Physicians.

The State Board of Health, of which Dr. Q. O. Sutherland, of this city, is a member, authorized a set of rules in regard to contagious diseases to be drawn up, which were to have been passed upon by the board at their last meeting in Madison. At the meeting other business occupied their attention, and the rules are yet a thing of the future, but the regulations prepared were as follows:

This board deeming it advisable that some uniform method of protecting the clothing of physicians in attendance upon cases of small pox, diphtheria, and scarlet fever, from becoming carriers of contagion, do hereby recommend to all physicians in the state of Wisconsin the following measures,

1. Wearing while on the premises occupied by the patient suffering from contagious disease (such as small pox, diphtheria, and scarlet fever) a skull cap large enough to admit of its being drawn well down over the head so as to enclose the hair.

2. The wearing of a gown closed in front except an opening large enough to admit of its being drawn over the head which shall button or hook tightly about the neck and wrists, and be of sufficient length to extend to the floor when standing.

3. A bag into which the above mentioned articles may be placed when not worn and conveyed to and from the case.

4. When for any reason a gown cannot be procured the physician may wear overalls and blouse. (Procureable at any clothing store.)

5. If a physician should be attending two kinds of contagious diseases (diphtheria and scarlet fever for instance) at the same time, the same gown shall not be worn from one to the other without disinfection.

The face, hands and all exposed portions of the body should be bathed in a 1-2000 solution of bi-chloride of mercury before returning home or visiting another case. The cap, gown and bag may be sterilized by submerging in a 1-500 solution of bi-chloride of mercury for four hours and then put into water and boiled for twenty minutes, when ironed they are ready for use again.

"CHARLEY'S AUNT" IS A GOOD PLAY
Minneapolis Tribune Says It Is Excessively Funny—Here On Thursday.

The Minneapolis Tribune of February 17th devotes considerable space to "Charley's Aunt," which will be seen here Thursday evening, and in the course of a lengthy article, says: "Charley's Aunt," returned to the Metropolitan last night, bringing the same company seen here last year. The farce scores the same laughing success as formerly, and is one of the few in its kind that is as funny the second time it is seen as it was when first the dear old lady burst upon our view. Those who enjoy a really hilarious evening at a theater, when common custom will permit every one to laugh as long and as loudly as he desires, will find nothing on the season's bills, in all probability, that is more what they are looking for than "Charley's Aunt." It has not been forgotten in this city by any means, and the people presenting it are an additional incentive to go."

SEND A CIRCULAR TO FARMERS

Milwaukee Board of Trade Has a Word to Regard to Barley.

The Milwaukee Board of Trade has issued the following circular: "On the worn out soils which have been re-seeded to barley for many years, it can not pay you to raise barley at the prices which have been ruling during the present crop year. Over production is the cause of low prices—the supply is larger than the demand. Should another large crop follow the crop of 1895, you may look for still lower prices. As a large portion of the present crop will be held for next season's consumption, there will be a poor market for the new crop. Would it not be better to sow more wheat this year than barley? Your land must be in excellent condition for wheat now after having raised other grain on the same for so many years. Wisconsin once was a great wheat state and Wisconsin wheat has a reputation, and we think it can have it again if you made the attempt and use salt as a fertilizer and to keep out the chinch bugs. Hard spring wheat from northern Minnesota or Dakota transplanted on to your soil should give good results. Some farmers in this state made the experiment last year in a small way, and were successful both as to yield and to quantity.

If you wish to make a trial this year, give your orders at once for seed wheat to a grain dealer at the nearest station. A good wheat will be selected and arrangements will be made to have it delivered at your station in car load lots for distribution, at the lowest possible price.

"It would also be advisable to use Minnesota barley for seed this year, as Wisconsin barley has been growing poorer from year to year."

THE annual meeting of the Harmony Anti-Horse Thief Society will be held at the Harmony town hall, March 14, 1896, at 10 o'clock. All members are requested to be present. H. A. Betts, Sec'y.

OVERLOOKED.
There Are Patent Medicines and Remedies, Without Number

For Every Disease and Affliction But One.

A prominent physician was recently asked, why it was that there are so many "blood purifiers," "nerve tonics" and remedies for every ill, except one of the most common and annoying, viz: piles. He replied, there are two principal reasons: first, physicians and people in general, have thought that the only permanent cure for piles was a surgical operation, that medicinal preparations were simply palliative. Another reason is, that piles is, in no sense of the word, an imaginary disease; the sufferer from piles is very much aware of the fact, and for this reason, the few so-called pile salves, ointments, etc., have been short lived. The patient very soon discovered their inefficiency.

He says further, "fortunately however, there is a new remedy for piles, which judging from its rapidly growing popularity will soon take the place of all other treatment; it has certainly made astonishing cures in this obstinate disease and its merit has made it famous among physicians and wherever it has been introduced. This remedy is sold by all druggists under the name of Pyramid Pile Cure.

From the immediate relief which the Pyramid Pile Cure gives in all forms of piles, many physicians supposed it contained opium, cocaine or some similar substance, but upon analysis it was found to be perfectly free from anything of the kind, and that the instant relief and cure which follows its use, is rather the result of its remarkable healing, soothing action on the parts affected.

The Pyramid Pile Cure is the only remedy, except a surgical operation, which immediately relieves and permanently cures every form of piles.

It is sold by druggists at 50 cents and \$1 or by mail from Pyramid Co., Albion, Mich.

New Train Service to Kansas City.

The Chicago, Milwaukee & St. Paul railway has just added to its service a night train in both directions on its Kansas City division in addition to the day train, which will still continue to run. Southbound the new train will arrive in Kansas City in the morning in ample time to make connection with the outgoing morning trains on all southern and southwestern roads. Passengers for Ottumwa, Excelsior Springs, Kansas City and other points south or southwest of Kansas City, will find this a most desirable route. A through sleeping car will be run between Savanna, Cedar Rapids and Kansas City, and free reclining chair and coaches between Chicago, Savanna, Cedar Rapids and Kansas City. Meals will be served on the train en route. The agents of the Chicago, Milwaukee & St. Paul railway and connecting lines will furnish any further information desired.

Table Linens.

Heretofore we have offered many bargains in table linens, but right here we wish to say, that the three numbers we offer Monday and Tuesday at 26 cents, 33 cents and 57 cents are the best values for the money that we or any one else ever offered in this city. Bort, Bailey & Co.

A Cold Cure For Ten Cents.

Three little tablets, each a separate prescription that together will cure a cold in one night. "Cold Crackers" are for sale at all druggists. Perfectly harmless. Certain to cure.

Chance to Economize.

"Charley's Aunt."

The enormous laughing success, "Charley's Aunt," comes to the opera house February 27th Thursday night. The piece is described as mirth provoking from beginning to end. The fun is of the most rollicking description, but never at any moment borders on vulgarity. In fact, one of the chief charms of the comedy is, that while it never ceases to amuse, it never descends to anything in dialogue or situation which would shock the most fastidious. It is to be presented here by the principal company now appearing in the comedy.

DEATH ENDS EARTHLY WOES

Funeral of Harry Phelps.

The funeral of Harry M. Phelps was held from the home of Mr. and Mrs. Anton Behrendt yesterday afternoon at 2 o'clock. Rev. A. H. Barrington officiating. The remains arrived here Saturday in charge of the wife and a half brother of Mr. Phelps, T. O. Gifford, of Hinsdale, Ill. The pall bearers were Clay W. Metzker, of the Beloit News, Dr. Frank H. Woods, Frank B. Echlin, Will W. Watt, Will P. Sayles and Frank L. Sanner. The interment will be in Oak Hill cemetery. Mr. Phelps' death was the result of pneumonia. He was born near Rutland, Vermont, February 4th, 1896. For many years he had been working on the advertising and circulating departments of the city newspapers and was about to leave Minneapolis for St. Louis when he was stricken down. His illness was of but nine days duration.

Frederick Rutter.

After many months of patient suffering with that dread disease consumption, Frederick Rutter breathed his last Sunday morning at 5 o'clock, his death occurring at the South Franklin street home of his parents, Mr. and Mrs. Phillip Rutter. Mr. Rutter was nineteen years of age and was well known to Janesville people, having worked in a number of stores. He was a very bright young man, and had many friends who will mourn his death and extend sympathy to the afflicted parents. The funeral will be held from the home at 2 o'clock and from the First M. E. church at 2:30 o'clock tomorrow afternoon.

Mr. Rutter had always been in poor health and spent last winter in Texas in hopes of being benefited. The disease, however, was relentless, and slowly encroached upon his strength until finally his vitality was so sapped that death's victory was an easy one. Besides the sorrowing parents, he leaves three sisters and one brother.

Funeral of C. M. Gaulke.

Funeral services over the remains of Christopher Martin Gaulke were held from the South Franklin street home yesterday afternoon. The Rev. G. Kaempfle, of St. John's German Lutheran church officiated, preaching in both German and English. The interment was at Oak Hill. A beautiful song service was rendered by a quartette composed of Miss Agnes Kaempfle, Miss Hattie Kueck, Miss Esther Kaempfle and Miss Emma Kueck, while the pall bearers, Chris Ludolph, Frank Sell, Andrew Schaller, Knud Knudsen and F. X. Jerg.

Mrs. James Lewis.

Mrs. James Lewis died at her home in the town of Rock at 6:40 o'clock Saturday evening, aged twenty-one years, her demise being the result of lung, heart and stomach trouble. Mr. and Mrs. Lewis had been married but last June and many friends will sympathize with the bereaved husband.

The funeral will be held at St. Patrick's church tomorrow morning at 10:30 o'clock.

Michael Clark.

Michael Clark, a former Janesville resident, died suddenly at his home in Kansas yesterday. He was a son of Mrs. James Clark, South Jackson street, and was here on a visit a week ago. The remains will be interred at Monroe.

A BOLD JOB IS DONE BY LOCAL THIEVES

A. McLELLAN'S SALOON WAS BURGLARIZED LAST NIGHT.

The Burglars Got About Fifty Dollars In Money and Three Bottles of Whisky—Entrance Effected By Breaking Out a Pane of Glass In the Front.

Burglars did a bold job on South River street some time after 9:30 o'clock last night, when they deliberately knocked a pane of glass out of the front of Alexander McLellan's saloon and entering rifled the cash register and money drawer.

When Mr. McLellan came down town at 5:30 this morning, he discovered the crime. One of the side panes of glass at the doorway had been shattered, but that was the only external sign of the visit of the thieves. The curtains had not been drawn and the gas was burning just as Mr. McLellan left it Sunday night. When he entered he found that the cash register had been opened by pressing the "no sale" key, and the money therein—about three dollars—was missing. The thieves had then turned their attention to the drawer in Mr. McLellan's desk, forcing it open with an ice pick. In the drawer was \$43 in silver which they secured and left by the side door which left unlocked. While the thieves evidently did not smoke because no cigars were taken, they pocketed three bottles of whisky. Mr. McLellan at once informed the police and it is thought that they will get the thieves.

Home Talent Responsible.
All the indications are that the crime was committed by home talent and that the thieves were familiar with the place.

"I was at the place until 9:30 last night writing letters," Mr. McLellan said today. "When I left the gas was burning and the curtains pulled back so as to give an unobstructed view of the bar as I always leave them on Sunday night. I do not know what time the thieves did their work but it must have been after I left and the robbers evidently knew the place well. The reason I had the money in the drawer to the desk was that the banks were closed on Saturday in honor of Washington's birthday, and I was therefore unable to deposit it. They left a few odd cents in the cash register, and overlooked a one dollar bill that was in the desk, but they got, as near as I can figure it, about \$46.75 in all. Three pint bottles of whisky were taken, but nothing else seemed to have been touched."

Looking For The Bartender.
Later on the police learned that Miles Fenn, the bartender was missing. They discovered that he had routed a liveryman out of bed at 2 o'clock this morning, and said that he desired to get to Beloit in a hurry. The liveryman not suspecting that anything was wrong hitched up a horse and took Fenn to the Line City. There he is supposed to have taken an early train to Milwaukee, and later to have headed toward Chicago. Sheriff Appleby at once went to Beloit to see if he could find Fenn. Turnkey Griffey detected two shoplifters in the act of stealing at Frank H. Baack's store Saturday night. No arrests were made but the officer has the names of the offenders.

RUN NAIL FACTORY ALL NIGHT

Janesville's Superior Wire Nails Are In Great Demand.

The Janesville Barb Wire company will begin tonight to run their factory night and day, a new crew to operate the machines at night having been broken in today. The Janesville factory's nails are superior to any in the market and they are crowded with orders. Their trade is chiefly in Minnesota, Illinois, Iowa and Wisconsin.

ALL MILLS RUNNING WITH FULL FORCE

THERE WAS JOY ALONG THE RACEWAY TODAY.

For the First Time in Eight Months The Millers Can Start Their Machinery Without Buying Power of "First Water"—Owners—Drains Are Clogged.

For the first time in eight months all the mills on the Janesville water power, started up this morning on their own water.

The "Hodson mill" is now running for the first time since Mr. Shackleton bought it, while the wheels in the Crossett and the Ford mills were humming joyously. Eight months ago the water "played out," and since then the mills that wanted to run had to buy water of the holders of the first privilege—the cotton company and Captain Norcross. As laying idle has cost the millers heavily, they were all feeling good today.

"Buckwheat Ben" Crossett said that the hum of the wheel was music "and we are now ready to buy all the grain in the country," he added.

It is not thought that the river will stay at the present stage very long, as the rise was mainly due to the rain and thaw, but they are all "making hay while the sun shines," and running their plants to the fullest capacity.

Many Drains Clogged

People who owned water power smiled and smiled yesterday, and for the first time in many a day, Street Commissioner Watson's men worked on the Sabbath. However, it was absolutely necessary, for the first real thaw of the season came on "all of a sudden" and the water would remind one of the Johnstown flood. The tile culverts in many parts of the city were too small to accommodate the rushing water and filled with ice and the result was that yards as well as the streets were flooded. The "Mole salver" in the first ward underwent a good test for strength and the torrent that rushed through the river was about as big as Turtle creek. In different parts of the Mole addition good sized ponds were formed and Sexton Scott of Oak Hill cemetery had hard work to keep the newly made graves from caving in.

CHEAP RATES FOR THE FAIR.

MR. M'GILVRAY'S FACE LEFT IN BAD SHAPE

EX HOTEL CLERK PUNISHED FOR HIS EFFRONTRY.

Disturbance in The Hotel Myers Brought to an End Very Quickly By Landlord E. D. Miller Who Taught the Obnoxious Young Man a Lesson.

W. G. McGilvray will be more careful what his condition is as he comes to Janesville again.

McGilvray was clerk in the Myers last fall, and went from here to Chicago, where he got a run as conductor of a Santa Fe dining car. He came to Janesville Saturday night with more Trilby cocktails in him than most men would carry in a pail. Three hours after he had struck town he did the giant spin on a stone pavement, and went down on his head. The sharp edge of the curb made a cut that Dr. Joe Whiting had to be called out of bed to sew up. A permanent scar will result.

All day Sunday Mr. Gilvray made himself obnoxious about the hotel. He was drunk and quarrelsome and was taken out of the way two or three times. At last he began to annoy ladies in the hotel and to use insulting language. Landlord E. D. Miller went to him and told him he must desist. McGilvray grew violent. He made a lunge at Miller who parried and then in self defense struck out with left and right. The ex-clerk, although a stalwart young man went down like a nine-pin. He took the spindles all out of a chair across which he fell.

"If the chair hadn't stopped him he would have gone ten feet further I guess," said a man who stood by and told the hotel keeper he had "done just right."

There was no further demonstration from the thoroughly subdued Chicagoan. He went to a doctor to be patched up and at 6:25 Sunday evening returned to Chicago. Mr. Miller also suffered from the encounter for he hit McGilvray so hard that he broke two of the small bones of the left hand. He carries his hand in a splint today and is suffering considerable pain. Dr. Gibson dressed the fracture.

A Revolution

In bread making has taken place within the past few years. It has not been long since the bakers' loaf of bread was a sour piece of baking, usually without substance and quality enough to make it digestible. The housewife only bought of the baker because she hadn't time to bake. Not so nowadays; the

Quaker Bread

made by Paul Gehrke, is even better than the best home baking. It certainly is more healthful, containing the pure and nourishing parts of the wheat kernel. Try it.

IF PURSES COULD SPEAK....

You'd hear a still small voice in your pocket crying out to you not to turn a deaf ear to the good things this special sale will turn up.

A WEDNESDAY OF DRESS GOODS

FEBRUARY 26th.

A day to see and buy at right figures from the big line of new spring of '96 dress fabrics, which every day has added to the stock; nobby, new, and strictly up to the times---our dress department will so be found at all times and this season is no exception, for we show a much larger line than ever before. One hundred pattern suits are in the collection, which includes among it the choicest productions of foreign looms---Mohairs, Sicilians, Persians, Dresdens, Crepons, Welts, Wide Wales, Storm Serges, and some very beautiful Black Goods---all on the counters at special prices for the Wednesday sales.

50 cents will be the price put upon 200 pieces of Dress Goods, including a large showing of the new novelties, and, as in the past, women are wise who pick up the special values we offer at this price.

Gimps and Garnitures--

The showing is a representative one and such as you will be interested in, if not now, very soon, for Spring is almost within reaching distance.

'96 SPRING BLOCKS.

Our Greeting:

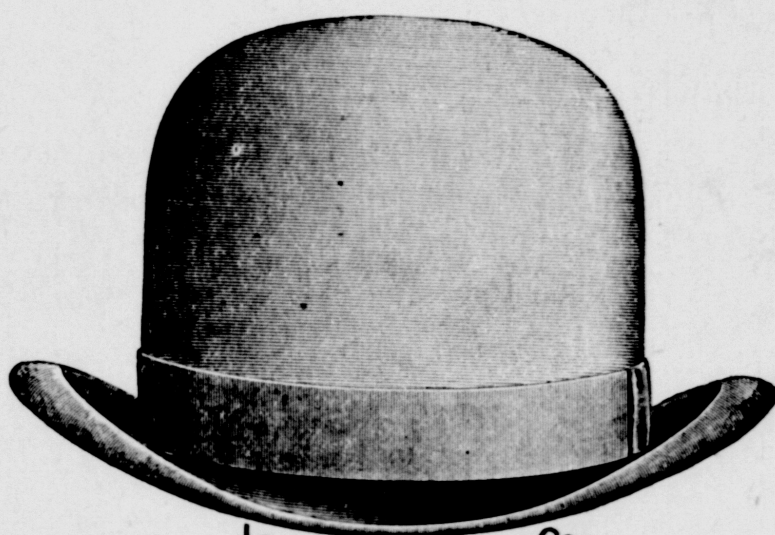

JOHN B. STETSON CO.

Miller,

SPRING, 1896.

"Have a good hat; the secret of your looks
Lives with the beaver in Canadian brooks;
Virtue may flourish in an old cravat,
But man and Nature scorn the shocking
hat;
Does beauty slight you from her gay abodes?
Like bright Apollo you must take to
Rhodes,—
Mount the new castor,—ice itself will melt;
Boots, gloves may fall; the hat is always
felt."

—OLIVER WINDLE HOLMES.

JOHN B. STETSON CO.

Stetson Special,

The Miller Hat

made by John B. Stetson & Co., more than fills the picture outlined by Doctor Holmes, as it is not only a good hat, but the best hat made.

The Fall Blocks

of 1895 of both the Miller and the John B. Stetson & Co.'s were undeniably the most tasty hats on the market and did more to set the Hat world agog than all others combined.

The Spring Blocks

for 1896 are equally as striking and are sure to be the greatest leaders on the market for the coming season.

WE ARE ALREADY SHOWING both of these celebrated hats.

IT IS NOT TOO EARLY TO BUY your hat for spring. We are able to furnish you with any of the new things.
